

# Hagmans Plastic primer

---

**Product description:**

Hagmans Plastprimer (plastic primer) gives increased adhesiveness when spackling or lacquering hard or semi-hard plastics.

The plastic primer is transparent, but contains small amounts of silver pigment for visualization.

**Range of application:**

For use on spoilers, bumpers, outer rearview mirrors, stripping, furniture, toys, etc.

**Technical information:**

Base: Polymer  
Drying time: Approx. 5 min. at 20 °C.  
Shelf-life: 2 years  
Contents: 400 ml

**Preparation:**

Surfaces to be treated must be completely clean. Before the plastic primer is applied, surfaces to be spackled must be dry-grinded using 180-240-grain sandpaper and surfaces to be wet-grinded with

600-grain.

**Directions for Use / Application:**

Shake the can thoroughly. Spray a thin layer 2-3 times at a distance of approx. 25 cm; wait approx. 30-45 seconds between layers. Lacquer at normal room temperature and with good ventilation. Reverse the can after use and spray the valve until empty.

**Note:** Do not spray towards open flames or hot objects.

**Packaging:**

Article number:  
11445 Spray can 6 x 400 ml
