

Klarlack Matt (Clear Lacquer)

Klarlack Matt (matt clear lacquer) is an acrylic-based fast-drying lacquer with good chemical durability, gloss (approx. 10). It is used as a top lacquer and as a protective lacquer. This is done to protect and preserve the tint of the paint.

Technical information:

Base: Acrylic
Drying time
at 20 °C: Dust-dry after 10-15 min.
Non-sticky after approx. 30 min.
Thoroughly dry after approx. 24 hours.
Flash point: -10 °C
Fire class: 1
Shelf-life: 2 years
Contents: 400 ml

Pretreatment:

Surfaces to be treated must be completely clean.

Instructions for use:

Shake the can for at least 2 minutes after the balls begin to clatter before applying the lacquer. Spray a thin layer 2-3 times at a distance of approx. 25 cm; wait approx. 30-45 seconds between layers. Lacquer at normal room temperature and with good ventilation. Reverse the can after use and spray until the valve is empty. **Note:** Do not spray towards open flames or hot objects.

Other information:

Any splashes must be immediately removed using acetone or cellulose naphtha. May even be used as a clear lacquer on e.g. Carosol Body.

Packaging:

Article number: 11465 Spray can 400 ml
