

# Karosserikitt

**Product Description:**

Hagmans Karosserikitt is a synthetic rubber-based sealant.

**Range of Applications:**

Hagmans Karosserikitt is intended for use for sealing sheet-metal components on, for example, cars, buses, caravans etc.

May be over-painted with car paint after approx. 2 hours drying time in air (+23°C).

**Technical Data**

Base material: Synthetic rubber

Colour: Light grey

**Application:**

Surfaces to be sealed must be dry and free from grease and dirt. Application is best carried out with a paintbrush. Sealing should not be performed at temperatures under +5°C to secure adhesion. Clean used equipment in Xylene.
